

RDK DESIGN, L.L.C.

April 9, 2002

Clifford Chance Roger & Wells, LLP
Attention: Mitchell S. Feller
200 Park Avenue
New York, NY 10166-0153

Dear Mitchell:

Enclosed is your patent (Ref. 7157-340) it was sent to my father, Roland W. Lawrence, by mistake. Since I also work in intellectual property as a draftsman, I felt that I could take this opportunity to introduce my company, **RDK Design L.L.C.** We are a drafting company that specializes in patent prosecution and litigation. **RDK Design L.L.C.** is one of the fastest growing and possibly the largest patent-drafting firms in North America. We are currently planning to open an office in New York City this year.

We currently have 18 graphic artists/draftsmen ready to help you with your trademark, design and utility patent needs. Our price per page ranges from \$65 to \$95 depending upon difficulty and subject matter. Our patent drawing experience is diversified. Whether, electrical, mechanical, medical or biotech drawings, we can handle your entire patent drafting needs. We can even prepare DNA sequencing.

We **do not** charge extra for any changes, we **do not** charge extra for **same day** or **next day** service. We like to consider ourselves your one-stop shopping for patent drawings. When complete, we simply email you back an Adobe Acrobat or Visio file and you can print as many sets as you wish. Or, if you prefer, we can deliver three sets of formals on Bristol Board. You can also send your clients' images via electronic format to us in Visio, AutoCAD, Pro-E, Microsoft Word, PowerPoint, MAC files or any other electronic media. We can easily manipulate these files to prepare your patent drawings.

I believe we can be of great help to you. For further information please do not hesitate to give me a call with the toll free number listed below. Thank you for your time and I hope to work with you soon.

Sincerely,

Peter C. Lawrence
